Node Classroom

Node Classroom

Lightweight Huddleboards are ideal for small group content creation and review. Hang on a workrail or easel for presentation to the class.

With built-in storage in the base, personal worksurface, swivel seat and casters, Node makes maximum use of every square foot of classroom space.

Personal worksurfaces adjust for large and small users and move independently of the seat shell and base.

Instructors can position their adjustable table and stool at any point in the room that's best for their teaching style, or activity at hand.
